Career Objective

To be able to work for an encouraging and stable company, that will assist me in developing, improving and obtaining the necessary skills to become a great asset for the company.

Education

Interactive Media Design – April 2025

Fanshawe College of Applied Arts and Technology - London, ON

Experience

- I have great knowledge of Adobe photoshop, Adobe illustrators, After Effects and Premier Pro.
- I worked on this project called Couple Resort in which I created some wireframes for the website using Adobe XD.
- I made a project for Billy Beer in I made a website using Html, CSS and JavaScript, and I also made a promotional video for this project using Cinema 4D.
- I worked on a project name – Brothers in arms, it was a team project, and I worked as a back-end developer in which I made a database for the project, and I wrote PHP codes for the website. Other then this I also helped my team with the marketing campaign my designing posters and I also wrote some front-end codes.
- Experienced with working in both individual and team-based environment.

Skills

- Strong written and verbal communication skills.
- Great time management skills.

- Quick learner
- Hard working
